FINANCE DEPARTMENT.

Simla, the 28th April 1938

No. F. 25 (6)-Ex. II/38.—The following rules regulating recruitment to the Indian Audit and Accounts Service, the Imperial Customs Service, the Military Accounts Department and the Indian Railway Accounts Service are published for general information :—

RULES.

PART I.

Methods of Recruitment

1. These Rules may be called the Customs and Accounts Service Recruitment Rules

2. For the purposes of these Rules—

(a) "Government" means the Governor-General in Council,

(b) "The Commission" means the Federal Public Service Commission (India),

(c) "The Service" means the Indian Audit and Accounts Service, the Imperial Customs Service, the Military Accounts Department and the Indian Railway Accounts Service.

3. The Service shall be recruited by the following methods :—

(i) By competitive examination held in India in accordance with Part II of these Rules.

(ii) By promotion or transfer from another Service or Department in accordance with Part III of these rules.

4. Subject to the provisions of rule 3, Government shall determine the method or methods to be employed for the purpose of filling any particular vacancies, or such vacancies as may require to be filled during any particular period, and the number of candidates to be recruited by each method.

5. Vacancies in the service which are filled otherwise than by promotion shall be apportioned between the various communities in India in accordance with the provisions of the Government of India (Home Department) Resolution No. F. 14/17-B /35-Estt., dated the 4th July 1934, and the supplementary instructions connected therewith.

PART II

Recruitment by competitive examination.

6. A competitive examination for admission to the service shall be held in India at such time and place as Government may prescribe by notice issued through the Commission. Every such notice will, when possible, announce the number of vacancies to be filled on the result of the examination.

7. The competitive examination shall be a combined examination for admission to the Indian Audit and Accounts Service, the Imperial Customs Service, the Military Accounts Department, the Indian Railway Accounts Service, the Postal Superintendents Service (Class II) Service and the Transportation (Traffic) and Commercial Departments of the Superior Revenue Establishment of State Railways.

Any person may apply to be admitted as a candidate for appointment in all or any of these services for which he is eligible. If he wishes to compete for appointment in more than one service he shall state on his application form which services he wishes to compete for and the order of his preference between them, and in such case only one application form will be necessary and one payment of the fees referred to in rule 16 (and Appendix III) will be sufficient.

Government shall assign successful candidates to each service on a consideration of all circumstances including any personal preference expressed by the candidate.

8. The candidates to be admitted to the examination shall be limited to such number, being not less than 200 and not more than 300 as the Commission may fix. If the number of applicants exceeds that limit, in selecting those who shall be admitted to the examination the Commission shall have regard to the suitability of the applicants and to the adequate representation of the various communities and provinces of India.

9. (i)* A candidate who is in the permanent service of the Government shall apply to the Commission for admission to the examination through the Head of his Office, who shall forward his application to the Commission through the Government concerned unless he refuses his consent to the application.

(ii) A candidate who is not in Government service, or is employed in Government service only in a temporary capacity at the time that he submits his application, shall apply to the Commission through the proper authority of the area in which his parents reside at the time of submitting his application, or have resided for a period of not less than three years, or in which the candidate has himself resided, otherwise than as a student, for a like period. A Government servant who is employed in a temporary capacity should, however, before submitting his application, obtain in writing, on the prescribed form, the permission of the Head of the Office or Department in which he is employed.

(iii) The proper authority for a Governor's province shall be the Provincial Government of that province, for Coorg, Delhi, Ajmer-Merwara, British Baluchistan or Andaman and Nicobar Islands, the Chief Commissioner; and for a State in India the Political Officer or Agent who must be addressed through the Government of the State.

(iv) No candidate may make more than one application in respect of any one occasion on which an examination is held.

10. A candidate must be a male and either—

(a) a British subject domiciled in India or a British subject of European or Indian descent domiciled in Burma, whose father (if alive) is a British subject or subject of a State in India, or (if dead) was at the time of his death either a British subject or a subject of a State in India or a person in the permanent service of the Crown or a person who had retired from that service; or

(b) a ruler or a subject of a State in India.

Provided that in the case of a male British subject the requirements of this rule (other than that concerning domicile or descent) may be waived by Government if satisfied that their observance would occasion exceptional hardship and that the candidate is so closely connected by ancestry or upbringing with His Majesty's dominions as to justify special treatment.

Provided also that a ruler or a subject of a State in India cannot be appointed unless he has obtained a declaration under section 262 of the Government of India Act, 1935, whether or not he has already obtained a declaration under section 96-A of the Government of India Act, 1919.

NOTE.—British subjects of European or Indian descent domiciled in Burma will not, however, be eligible to compete at the Indian Audit and Accounts etc., Services Examination that may be held after the 3rd April 1939.

11. Candidates must have attained the age of 22, and must not have attained the age of 25, on the first day of August of the year in which the examination is held.

Provided that a Government† servant who is over the age of 25 and under the age of 28 on that date may be admitted to the examination if he—

(a) holds substantively a permanent appointment in a department or (in the case of the Indian Railway Accounts Service) Branch, whose superior staff generally constitutes the service for which he is a candidate, and

(b) is recommended by the Head of his Department.

12. A candidate must satisfy the Commission that his character and antecedents are such as to make him suitable for appointment to the public service. No candidate who is in the employment of the Central or of a Provincial Government will be admitted to the examination, unless the head of his department reports that his character and attainments are satisfactory

* The substitution of qualifications by persons in Government service is further governed by the Government Servants' Applications for Posts (Central Services) (Railway Services) Rules published with the Government of India, Railway Department (Railway Board) Notification No. E. 33/31 Rls. dated the 23rd June 1934 and No. E. 36/6 R. I., dated the 22nd January 1938, as amended from time to time and the corresponding rules made by Provincial Governments.

† For the purposes of this proviso, a person holding an appointment in the service of an Indian State is not a "Government servant."

13. A candidate must be a graduate of one of the Universities enumerated in the first appendix to these rules or must hold the Senior Diploma of the Mayo College, Ajmer.

Provided that, in exceptional cases, the Commission may, on the recommendation of the Central Government or a Provincial Government, treat as qualified a candidate who, though he has not any of the foregoing qualifications, has passed examinations conducted by other institutions of a standard which in the opinion of the Commission justifies his admission to the examination.

14. No candidate shall be admitted to the examination unless he holds a certificate of admission from the Commission.

The decision of the Commission as to the eligibility or otherwise of a candidate for admission to the examination shall be final.

15. No recommendations except those invited in the form of application shall be taken into consideration. Any attempts on the part of a candidate to obtain support for his candidature by other means may disqualify him for admission.

16. Candidates must pay such examination fees as Government may prescribe (see Appendix III). No claim for a refund of any of these fees will be entertained, nor can they be held in reserve for subsequent examinations or selections.

17. Examinations under these rules shall be conducted by the Commission in the manner prescribed in the regulations which form Appendix II to these rules.

18. (*a*) After every examination the Commission shall make a list of the candidates in order of their merit as disclosed by the aggregate marks finally awarded to each candidate, and in that order so many candidates up to the number of vacancies announced under rule 6 above, as are found by the Commission to be qualified by the examination and are considered by Government or the appointing authority, as the case may be, to be suitable in all other respects, shall be appointed.

(*b*) For the purposes of rule 5 of these rules, selections for appointment to vacancies to be filled by members of a particular community or communities shall be made by Government or the appointing authority, as the case may be, after consulting the Commission, from candidates of that community or communities who have qualified at the examination.

19. A candidate must be in good mental and bodily health and free from physical defect likely to interfere with the discharge of his duties as an officer of the service. A candidate who (after such medical examination as Government or the appointing authority, as the case may be, may prescribe) is found not to satisfy these requirements will not be appointed. Only candidates who are likely to be appointed will be medically examined.*

20. (*a*) Appointments shall be made on probation for a period of two years provided that this period may be extended if the officer on probation has not qualified for confirmation by passing the prescribed departmental examinations. Repeated failure to pass the departmental examinations within a period of three years shall involve loss of appointment.

(*b*) If in the opinion of Government the work or conduct of an officer on probation is unsatisfactory, or shows that he is unlikely to become efficient, Government may discharge him forthwith.

(*c*) On the conclusion of his period of probation, Government may confirm the officer in his appointment, or, if his work or conduct has in the opinion of Government been unsatisfactory, Government may either discharge him from the service or may extend his period of probation for such further period as Government may think fit.

(*d*) If the power to make appointments in the service is delegated by Government to any officer, that officer may exercise any of the powers of Government under this rule.

* In order to prevent disappointment candidates are advised to have themselves examined by a medical expert before appearing at the examination. Particulars of the nature of the medical test to which candidates will be subjected before appointment will be furnished on application to the Commission. Candidates will have no right of appeal against the decision of the Medical Board.

PART III

Recruitment by promotion or transfer from another service or department.

21. Recruitment by promotion shall be made by selection from among the subordinate gazetted and ministerial establishments of the service concerned after consultation with the Commission and the officer selected will be appointed by Government. No officer shall have any claim to such promotion as of right.

22. Recruitment by transfer from another service or department shall be made by Government after consultation with the Commission, from among members of such other services or departments as may be determined by Government when occasion arises.

23. If the power to make appointments in the service is delegated by Government to any officer, that officer may exercise any of the powers of Government under this part of these rules.

No. 490.—

In a Press Communique, dated 23th December 1937, it was notified that all district officials had been asked to excuse the delay in applying for licences under the Madras Regulation of the Sale of Cloth Act, 1937, in view of the fact that many merchants were ignorant of the new provisions and the machinery for the issue of licences was not quite ready in time. Further, in the Press Communique, dated the 11th February 1938, the Government notified that dealers in cloth or in articles of wearing apparel made of cloth who failed to obtain licences for 1937-38 before the 15th March 1938 would be dealt with under the provisions of the Act. As regards licences for the year 1938-39 commencing on 1st April 1938, the attention of dealers was invited to the provisions of section 3 of the Act under which licences granted for 1937-38 would expire on 31st March 1938, and they were informed that those who failed to obtain the licences before 31st March 1939 would render themselves liable to be dealt with under the penal provisions of section 6 of the Act.

2. It now appears that there has been some misapprehensions in regard to this matter. The Government therefore direct that, as a matter of grace, applications for a licence for 1937-38 which were received on 15th March 1938 and applications for renewal of the licence or the grant of a fresh licence for 1938-39 which were received on the first working day after the 1st April 1938 should be regarded as having been received in time and exempted from the penal provisions of section 6 of the Act. Any penalty which has already been collected in respect of such applications should be refunded.

The Government direct that the report be published in the *Fort St. George Gazette* as required by section 12 (1). In doing so, the Government take this opportunity of expressing their great appreciation of the valuable services rendered in this connexion by Diwan Bahadur C. V. Viswanatha Sastri, Mr. K. Seramulu Nayudu, ex-Mayor of Madras, and Mr. J. Sivashenmugam Pillai, Mayor of Madras.

The Government agree in general with the recommendations of the Board and commend them to the parties.

ENCLOSURE.

Report of the Board of Conciliation on the trade dispute between the employers and workers of the Madras United Spinning and Weaving Mills Company, Limited, Madras, dated 2nd May 1938.

Under section 8 (1) of the Trade Disputes Act, 1929, Government, by G.O. Ms. No. 384, Development, dated 11th February 1938, constituted a Conciliation Board "to investigate the points of dispute given in the statement" of the Madras Labour Union, dated 10th January 1938, setting forth certain grievances of the workers in the Choolai Mills. The Board was to consist of (1) Diwan Bahadur C. V. Viswanatha Sastri (Chairman), (2) Mr. K. Sriramulu Nayudu, ex-Mayor of Madras, and (3) Mr. J. Sivashanmugam Pillai, Mayor of Madras.

2. After giving due notice to the Labour Union and to the Choolai Mills, as also to the members of the Board, a sitting to arrange preliminaries was held on 19th February 1938. At this meeting Mr. K. Sriramulu Nayudu was not present owing to illness. Preliminaries were settled and the Labour Union was called upon "to file a written statement dealing with each item in dispute" by 25th February 1938, and the next sitting was fixed for 2nd March 1938. On that date also Mr. K. Sriramulu Nayudu was absent and, after reading the detailed statement filed by the Union as also the other papers before us, the following issues were settled:—

(i) When and why was the Pass System introduced? Does this system prevail in other mills in Madras?

(ii) How many are working under this system? Is the work they do of the same kind as that done by permanent men?

(iii) How do their emoluments and privileges, such as leave, etc., compare with those of permanent men?

(iv) Is any change in their conditions of service expedient and if so on what terms?

(v) Is an adequate wage being paid to pieceworkers and monthly wage-earners and if not what additions or reductions have to be made to the present scales?

N.B.—The word reduction was inserted as the Agent of the Mills stated that he would prove that a reduction was needed owing to the present financial position of the Mills. The Union contended that no question of reduction can arise in the present enquiry. This question will be decided later on.

(vi) Is any change necessary in the existing leave rules and if so in what way?

(vii) On what terms are acting jobbers now being engaged?
Is any change in these terms expedient, and if so, in what way?

(viii) Is any change in the supply of spinning wefts expedient?

(ix) Is the introduction of a provident fund or bonus or gratuity system called for?

(x) Are sick leave allowances now being paid? If not, have any arrangements for such payments to be made?

(xi) What is the present position of the cotton coolies? Is any change in their present position expedient and if so in what way?

(xii) Are suitable eye-glasses supplied to all dye-house workers, and if not, what changes are needed under this head?

3. Mr. Lakshmidass Dwarkadoss, the Agent of the Mills, was then sworn and examined by the Chairman. As the Union wanted a copy of the Labour Commissioner's report of 25th January 1938 before his examination was further proceeded with, his further examination was adjourned to 8th March 1938. On that date Mr. Lakshmidass was further examined by the Chairman, and this continued on the adjourned date, i.e., 11th March 1938. His examination by the Chairman was finished on that date, and he was then examined by the Labour Union. From that date his examination and the examination of witnesses for the Labour Union was continued. On 18th March 1938 an inspection of the Mills was made by the Chairman and the Mayor, at which the Secretaries of the Union were present. The evidence on both sides was concluded on 16th April 1938. There were then attempts at conciliation, and on 20th April 1938 it was apparent that no such thing was possible. As the Labour Commissioner promised to give us a statement of the kinds of leave granted in the Mills in Coimbatore by the 1st May, the further hearing was adjourned to 2nd May. Mr. K. Sriramulu Nayudu was present only from 29th March 1938. In all 52 witnesses were examined and Exhibits A to M-1 filed. A list of witnesses examined, and documents filed is appended.

4. The Madras Labour Union for Textile Workers has been registered under the Indian Trade Unions Act, 1926, and has been recognised by the Choolai Mills. Mill hands of both the Choolai Mills and Buckingham and Carnatic Mills (these are the only mills in Madras) are members of the Union.

5. The Choolai Mill appears to be the oldest mill in the Presidency and was started about sixty five years ago. It was at first only a spinning concern. The share capital is 10 lakhs (5 lakhs of shares of Rs. 250 and 5 lakhs of shares of Rs 125) and this has been fully paid up. There are debentures for Rs. 13,80,000 on the security of the Mills. Besides this there is an advance of Rs. 10,97,000 by the Managing Agents. The capital value of the Mills as per book accounts is Rs. 40,00,000. There are 40,000 spindles and 774 looms, and the daily number of hands needed to run the Mills is 2,144. It is said that the wages bill each year comes to Rs. 6,00,000.

6. No dividend has been declared on the share capital of 10 lakhs these six years, and it was said that the present nominal market quotation in Bombay for the Rs 250 share, has come down to Rs. 37-8-0. Mr. Lakshmidass stated that on the 10 lakhs advanced by the Managing Agents, no interest had been paid these six years. It was also said that all these six years the Managing Agents had not been taking any remuneration; and that they had even foregone the office allowance of Rs 30,000 per annum. It was also said that the debentures (for 13 lakhs and odd) which were originally carrying interest at 7½ per cent now carry interest only at 5½ per cent. The financial condition of the Mills is also revealed in the reports for 1934, 1935 and 1936—Exhibits K series.

7. For the purpose of this enquiry it is necessary to bear in mind the following distinctions in the classification of the 2,144 hands required daily. At present about 1,550 hands are classed as

permanent hands, and about 550 are classed as "substitute workers." The above 550 get work on every working day. Besides these permanent and substitute workers there are others who are classed as "temporary substitute workers." These (their number is not fixed) go to the mills every morning and are taken in only when there are vacancies. If there is no vacancy, they are told so and sent away. Their case, therefore, has to be dealt with quite separately. For the present we have to confine ourselves to the 1,550 permanent and 550 substitute workers.

8. The classification of workers as substitute workers came into existence from 1932. From that year the number of permanent workers has gone on decreasing and the number of substitute workers has gone on increasing, and at present the figures are 1,550 and 550, respectively. This state of things will, according to the Mill Agent, continue, till the Mills earn profits and begin to pay a dividend. According to him, depression in the textile industry began some time prior to 1932 and has continued all along. Almost all the Mills in Bombay, Ahmadabad and elsewhere made cuts in wages to meet the depression. The Choolai Mills did not introduce any cuts, but resorted to the expedient of classing all hands not then permanent as "substitute workers." These substitute workers (except in the weaving department) were not given the same wages as permanent workers. They did not get the privilege leave on half wages for fifteen days in the year, and festival leave on full wages for 10½ to 11½ days in the year. A saving was thus effected to meet the loss. The Agent has frankly stated that the moment the Mills earn profits, and dividends are declared, the question of placing all substitute workers on a level with permanent workers, will be viewed favourably. So far as the 1,550 permanent workers go, they are getting the same wages and enjoy all the privileges they enjoyed prior to 1932. Their demands are only for higher rates of wages, for sick leave; and for a provident fund, gratuity or bonus. A reduction in the wages of future entrants and the denial to them of the leave concessions shown to permanent workers, on financial grounds, is quite justified, in the light of what the Congress Ministry has done in Madras.

9. The 550 substitute workers are in the spinning, weaving, reeling, and in the carpentry and building departments. So far as those in the weaving department go, Mr. Lakshmidas has stated in his evidence that there was no difference in rates of wages; and that as earnings depend on quality and outturn, they are on a level with permanent hands. The following question was then put to him:—"A permanent man gets Rs. 50 whereas an acting man gets only Rs. 25. Why is it so?" And his answer was, "It is because he may not have attended the same number of days as the other man, and his efficiency may be lower." So far as the evidence placed before us goes, all conditions such as days of attendance, and quality and quantity of work turned out being equal, it appears to us that the statement of the Agent holds good.

10. As regards substitute workers in the spinning department, their wages are admittedly lower than those of permanent workers. And they and those in the other minor departments do not get fifteen days' privilege leave on half pay and full wages on 10½ to 11½ festival days. The same is the case with substitute workers in the reeling department, who are all women.

11. There are certain other minor privileges and emoluments open to workers in some departments. Here again a distinction is made between the claims of permanent and "substitute workers." One of them is, a bonus varying from 4 annas to 8 annas for continuous regular attendance during a period of 15 days. These will be dealt with separately with regard to each class of workers claiming them.

12. *Issues I and II.*—The "pass system" was introduced from and after 1932. There is no evidence to show that it prevails in the Buckingham and Carnatic Mills, which are the only other mills in Madras. From the evidence of Mr. Lakshmidas it will appear that about 550 hands are now working under this system. It will also appear from his evidence that the work they do is of the same kind as that done by permanent men.

13. *Issue III.*—So far as emoluments go, the Agent has stated in his evidence that "whenever wages are paid on the basis of piece work, or on the work turned out by each operative, the rate of wages to all is the same whether he is an old hand or a new hand or a casual substitute." This is with regard to those in the weaving department; and, according to him 60 per cent of the wage bill is taken up by payments to them. On behalf of the Union the following question was then put:—"If a permanent man gets Rs. 50 an acting man gets Rs. 25. Why is it so?" And the answer was "It is because he may not have attended the same number of days as the other man and his efficiency may be lower." The evidence of the Union witnesses amply bears out the statement of the Agent. Witness No. 7, Guruswami Nayakar, is now a substitute worker in the weaving department and says he is now getting between 20 to 25 rupees per mensem. He works only one loom, and says that for the same work he turns out, permanent hands get Rs. 28, Rs. 30 and Rs. 31. In cross-examination he stated that for sixteen days' work in February he got Rs. 16-12-6. This shows that his previous statement that for every 14 annas he got, a permanent hand got Re. 1 cannot be true. Rs. 16-12-6 divided by 16 gives Rs. 1-0-9. Witness No. 8, Kadirvelu, also a substitute worker, attended all the days in February and earned Rs. 22-7-0. The number of working days having been greater in December 1937, he got Rs. 23-0-9 even after four days' leave. Witness No. 10, Vythinatha Mudali also a substitute worker, says he earned Rs. 28-12-3 in February last. This he got for 23 days' work. The daily earnings of these last two witnesses who are also substitute workers go above Re. 1. Witness No. 11, Krishnaswami Nayudu, is a permanent weaver and works two looms. He says he will get Rs. 1-14-0 a day. This gives only 15 annas to each single loom. To the same effect is the evidence of witness No. 12, Kannappa Mudali, who is a permanent hand. We are therefore of opinion that so far as workers in the weaving department go there is no distinction between the rates of wages paid to permanent hands and to substitute workers.

14. Coming to substitute workers in the spinning department, it is admitted by the Agent that their wages are slightly lower than those of permanent hands doing the same kind of work. They all get daily wages. The second witness, Manusami, is a pass-holder (substitute worker) and says that he works on As. 7-6 a day; and that a permanent man will get As. 8-9 a day. The third witness, Lokanathan, gives similar evidence. Witness No. 5, Ramachandran, is a permanent hand. For working 25 days in the month he will get Rs. 14-4-0. According to him a pass-holder (substitute worker) will get Rs. 12-3-0. We thus see that if a permanent worker in the spinning department

gets paid at As. 5-9 a day, a substitute worker doing the same work gets paid only at As. 7-6 a day.

15. This difference in wages is said to have come into existence after 1932, as the profits earned began to fall and as a pro rata reduction in wages was not agreed to (vide E.B., dated 25th January 1933). Mr. Lakshmidoss frankly says that the giving of the same pay will be considered favourably as soon as profits are earned.

16. Besides a difference in the rate of daily wages, substitute workers are not allowed fifteen days' privilege leave on half wages, as also 10½ to 11½ days festival leave on full wages, which privileges are accorded to permanent workers. The reason given for this deprivation is the same as that given for making a difference in the rate of wages (vide Exhibit B).

17. Permanent hands in some departments get a bonus of 8 annas for 15 days' regular attendance, and Rs. 1 for thirty days' regular attendance (vide evidence of witnesses Nos. 1 and 3, Vijaraghavalu Nayudu and Lokanathan). This is denied to substitute workers (vide evidence of witnesses Nos. 2 and 4, Minnuswami and Velayuthan).

18. Before considering the fifth issue which has to be dealt with at some length, we propose dealing with the other remaining issues. The sixth issue relates to changes in the existing leave rules. The Union in the memorandum submitted to us, Exhibit D, demands—

(1) Privilege leave on full wages for 15 days in the year.

(2) Sick leave on full wages for 20 days in the year.

It is said that these leaves are given in the Buckingham and Carnatic Mills and that the same privileges should be extended to in the Choolai Mills also. As regards the first kind of leave, fifteen days' privilege leave on half wages is now being given. No sick leave is given and it is said that the fifteen days' leave on half wages can be utilized as sick leave. Simply because these demands are conceded in the other two mills in Madras, it does not follow that the Choolai Mills should follow suit, especially when its present financial condition is what is stated in paragraphs 6 and 7. There is no evidence of any such kind of leave being given in the mills at Madura, Bangalore and Coimbatore. From the Press Communiqué published in the *Madras Mail* of April 21 on page 8, it will appear that no privilege leave and sick leave was ever given in the Madura and Pupanasam Mills, and that for the first time these mills agreed under the agreement then come to, to give six days' privilege leave on full pay and seven days' sick leave on production of a medical certificate. The Choolai Mills are therefore very generous as they have all along been giving fifteen days' privilege leave on half pay, and 10½ to 11½ days' festival leave on full pay. The granting of these demands in the case of all workers will entail a too heavy burden on the finance of the mills, and we are not prepared to suggest this being granted at present. We may here state that the Mill Agent assured us that privilege leave and festival leave were not given in the mills in Ahmedabad. The existing leave rules are quite generous and no more additions to them are, as matters now stand, justified.

19. The seventh issue relates to temporary substitute workers, a class which does not fall within the number 2,144 above referred to. They are workers who cannot and do not get work every day. It is not in evidence that they are treated in other mills in Madras and elsewhere, on terms more favourable than those offered by the Choolai Mills. It is said that they present themselves at the mill gates at 7 a.m. and are kept waiting till 9 a.m. and then asked to go away. This we are not prepared to believe. The mills begin full work by 7-15 a.m. and by that time all the 2,144 hands needed, must be at their posts. The Mill Agent says they have to go away after 7-15 a.m. as they must know by then how many among those present are needed. We therefore come to the conclusion that nothing can be done for this class.

20. *Issue VIII*.—The demand of the workers is that universal wefts should be supplied all round. The expression "universal weft" as a technical term for a rewound weft bobbin. We were shown them when we inspected the mills. The yarn is wound from the spinning frame on to one bobbin and then rewound at a higher tension on to a second bobbin, so that the bobbin carries twice as much yarn. If these are used stoppages for refilling the loom shuttle are fewer, and there will be fewer breakages in the thread. Before the Labour Commissioner, the Agent has stated that the mill is not in a position to supply universal wefts to all looms; that this would involve the erection of extra buildings and the installation of extra machinery, and that the present financial position of the mills does not permit of this—vide Exhibit C. We are of opinion that the contention of the mills should be upheld.

21. *Issue IX*.—There is no provision for a Provident Fund in the mills. Nor is there one in the other mills in Madras, and at Madura, Bangalore and Coimbatore. The other two mills in Madras Agent says that his mill cannot afford to adopt this system, and that this is a question of all-India legislation. It is not in evidence that any gratuity is given in any of the mills either in Madras or outside (within the Presidency). The adoption of any system of bonus in the Choolai Mills will at present impose additional burdens which it cannot bear. We are moreover of opinion that this question should be made a subject either of Provincial, or all-India legislation.

22. *Issue X*.—This issue has been dealt with under the issue 6.

23. *Issue XI*.—Cotton coolies are men who unload and stack bales of cotton, and take them to the mixing room. The unloading is done from a siding of the mills, and the places where the bales are stacked are very close to the siding. A public road separates the godowns from the mills, and from there the bales have to be carted to the mixing room. In Exhibit C it is stated that formerly this work was let out on contract to maistris who provided the labour, and that now the mill employs regular coolies to do the work. It is not stated that they are inadequately paid. All that is claimed is that they should be "treated like old entrants and given festival leave on full pay and 15 days' privilege leave on half pay. The Agent says in his evidence that there are only eight cotton coolies, that two get Rs. 25 a month; that one gets Rs. 22-8-0 and that five get Rs. 20. We have seen the work they do, and as it is all unskilled work, we are satisfied that they are amply paid. Their claim to leave will be considered later on.

24. *Issue XII*.—In Exhibit A it is stated that no eye glasses are given to dye-house workers. The Agent stated before us that eye glasses were given and when we inspected the mills we found all wearing them. It was urged before us that suitable glasses were not given. The 22nd witness

Gurusami Naicker says that there are 14 hands in the dye house; that they were given glasses, but that they were useless. It was not proved to us that the glasses given did not serve the purpose for which they were intended. We are of opinion that this grievance is more imaginary than real.

25. *Issue V.*—The rates of wages of piece workers was fixed before the 9-hour day came into operation. In Exhibit A the grievance regarding them is put in the following words: "2 (a) rates of wages of piece workers should be so fixed as to enable them to earn such wages as they were getting before the introduction of 8 hours work." "2 (b) As piece workers have not received any increments for some years the union should urge the increase in their wages by 25 per cent in addition to the rates fixed by the item 2." As regards those earning monthly wages it is urged that those getting Rs. 22 and under should be given a uniform increase of Rs. 5. This claim is amplified in paragraphs 2 and 3 of Exhibit D.

That the reduction of hours of work from 60 to 54 a week has influenced output and consequently earnings, is stated in the Interim Report of the Bombay Textile Inquiry Report, Volume I, paragraph 39.

26. The answer to this claim, by the mills, is given in Exhibit A-1 and in Exhibit E. It is urged that during the period of depression there was no cut in the wages of permanent men, as was the case in the mills at Madura, Coimbatore and Bangalore; and that, as the rates now prevailing are higher than those in the above-mentioned places, and as the financial position of the mills has not bettered, no increase in rates can be made. That there was a general cut in wages in other mills during the depression period, will appear from Chapter III of the Interim Report of the Textile Labour Inquiry Committee of Bombay.

27. The mills do not spin counts beyond 40 and 50, and use up almost all the yarn spun in making cheap kinds of cloths for the poorest classes. During our inspection we found that a piece of 24 yards had to be sold for Rs. 3-8-0, and that the cloths were all intended for agriculturists and the poorest wage-earning class. The agriculturists are in the most pitiable plight imaginable, and cannot afford to purchase cloths of higher value. There can be no comparison between the various fine kinds of cloths (coating, shirting, turkish towels, etc.), turned out by the other two mills in Madras; and the products of the Choolai Mills. Piece rate wages depend also on the quality of cloth turned out. The other two mills in Madras have been paying a dividend of 12 per cent all along; and there is no comparison between their financial position and that of the Choolai Mills. Moreover they have an All-India market, and even export their wares to places outside India. The only markets the Choolai Mills command are, according to the Agent, Madura, Tinnevelly, Salem and Coimbatore, and that too in the poorest class of cloths. It is also in evidence (vide evidence of witness No. 6, Arumuga Mudali) that in the Buckingham Mills as many as six looms are worked by a single workman. There are only single and double looms here; and even the double looms are, according to some witnesses, hard to work. We are therefore of opinion that the rates paid for piece work, and to other daily wage earners, in the other two mills in Madras, cannot be taken as a criterion in determining the proper wages to be paid to the same class of workers in the Choolai Mills.

28. In this connexion the observations in the Interim Report of the Textile Labour Inquiry Committee, 1937-38, Volume I, are pertinent: "The bulk of the Indian demand comes from the cultivating classes and the capacity of the Indian market to absorb cloth, therefore, depends largely on the purchasing power of the agriculturist, which, in its turn, is dependent upon the production and prices of agricultural commodities" at page 15) and at page 16 (paragraph 33) it is said that "so long as the mill industry was content with catering mainly for the demand for coarse cloth it could not hope to capture the entire Indian market."

29. Exhibit J is a comparative statement of wages paid in (1) the Choolai Mills, (2) in the two mills in Madura and (3) in ten mills in the Coimbatore district. This statement was furnished by the Labour Commissioner. In comparing rates it should be borne in mind that the mills in Coimbatore and Madura work close to cotton producing centres, whereas the Choolai Mill works 300 miles away. The Agent said that the railway freight per bale of 400 lb., was about Rs. 5 and that Rs. 4 was the cost of pressing and packing each bale. From Exhibit E, it will appear that the railway freight paid by the mills comes to about 1½ lakhs a year. Add to all this, the mill has to send its finished products to the very same places from where the raw produce came, which means an additional 4 to 5 rupees per bale of 400 lb. weight of cloth.

30. Exhibit H is a questionnaire given by the mills to be answered by the Labour Commissioner; and Exhibit H-1 contains the answers. For the present we are concerned only with question No. 3 and the answer thereto. This question runs as follows: "What is the average daily earnings of textile workers in (1) Coimbatore district and (2) Madura district?" Taking from the oral evidence given before us, the daily wages of the different classes of workers in the Choolai Mills, we give against each class the wages of the same class of workers (1) in the mills in Coimbatore and (2) in the mills in Madura.

31. From the above comparative statement it will be seen that the daily wages paid in the Chaolai Mills compare favourably with wages in the mills in Coimbatore and Madura. It may here be stated that the Harvey Mills in Madura are said to be finest spinning mills in the East, that the mills spin much finer counts, and that their financial condition is infinitely better than that of the Chaolai Mills.

32. If in the case of Coimbatore Mills, it is said that cost of living is cheaper there than at Madras, it must be said on behalf of the Chaolai Mills that each bale of cotton (400 lb.) cost Rs. 9 more here than at Coimbatore and Madura.

33 The earnings of those in the weaving department depends on the output of each individual worker. In the Buckingham Mills there are workers who handle six looms. Here there are only single and double looms. From the Interim Report of the Bombay Textile Enquiry Committee, Volume I, it will appear that two loom-weavers in Bombay earned on the average Re. 1-5-8 a day, in July 1937 (vide Table VIII). In the Ahmedabad Mills it was Re. 1-8-11 a day (vide page 27) The eleventh witness Krishnaswami Nayudu works two looms and says he gets Rs. 45 per month. This works to over Rs. 1-8-0 a day, there being only 26 working days in the month. According to him a single loom worker will get Rs 30 to Rs. 35 a month. No weaver from the Buckingham Mills has been called, but the ninth witness Arumuga Mudali was once there and says he was getting Rs. 35 to Rs. 40 a month When he was in the Carnatic Mills he was getting Rs. 35 a month. From Exhibit J, it appears that the average daily earnings of a weaver in the Buckingham Mills is 10 annas 6 pies to Re. 1-7-3. In the Kaleswar Mills, Coimbatore, the monthly earnings of a weaver is put down at Rs 18 and that of wearing jobbers (piece-work) at Rs. 30. Thus it will be clear that the weavers in the Chaolai Mills are paid a very fair wage when compared with weavers in the other mills above referred to.

34. Certain other classes of workers have been examined such as reelers, pirnal and chittal in the banking department, carpenters, etc. Their wages compare favourably with the wages of those in the mills at Coimbatore, and we are not disposed to come to the conclusion that they are not fairly paid

35. Almost all the witnesses examined were questioned on the number of dependents they had to maintain, the rent they paid, and the debts they owed. And they all gave a pretty large list of dependents, and their indebtedness, is, if what they say is true, very great. If they actually pay the rents they say they are paying, then the rents are rather high In the case of those getting below Rs 18 a month, the mill gives a bonus of 8 annas for 15 days regular attendance and Re. 1 for a month's regular attendance The number of daily absentees is said to be about 400, and by more regular attendance the employees can earn more The number of working days in 1937 was 301½. Witness No 29, Gopal Nayakar, attended on 256½ days, and witness No. 31 on 273 days The working hours have been reduced from 10 to 9 hours a day, and yet the days of absence are very large. A reduction in the hours of work must certainly place the workers in a position to put in more regular attendance. We see no reason why all the workers should not show 270 days attendance in the year. By more regular attendance workers can earn more; they can also earn 8 annas to Re 1 as bonus, but they do not seem to take advantage of this Many of them complained of the machinery they had to handle, and of the bad weft supplied, etc., but it appears to us that it is all the case of a bad workman complaining with his tools. We are assured by the Agent that the machinery both in the spinning and in the weaving departments, is of the latest and most approved type. Owing to depression nothing has been set apart for depreciation these several years, and unless this is done, there will be no chance for introducing more up-to-date machinery.

36 A questionnaire was given by the Union for being answered by the mills. This is Exhibit F. The object of the questionnaire was, it was said, to show that the financial condition of the mills was not bad, and that it was such as to justify the demand for higher wages, sick leave, etc. The mills in Exhibit F-1 stated that the financial condition of the mills could be ascertained from the published annual reports and filed Exhibit K series (Reports for 1934, 1935 and 1936). It was also urged that the other portions of the questionnaire were unnecessary for the purpose of this enquiry We were satisfied that the present financial condition of the mills was apparent from Exhibit K series, and that the questionnaire on other matters was not relevant for present purposes.

37. After the evidence was closed, an attempt was made at conciliation There was a discussion in the presence of both parties and the Union was pressed to put it in writing that in case four grievances were redressed, the rest would be given up (vide Exhibit L, dated 11th April 1938). On 7th April 1938 it was written to the mills to state if it would agree to the proposals put forward in Exhibit M. The reply given was that "until such time as the working of the mills does not enable to provide for depreciation to some extent at least, it is not possible to increase the annual wage bill at all" (Vide Exhibit M-1.) A counter offer was made to the effect that the 550 substitute workers would be placed on the same level as permanent workers in all respects, in case a 15 per cent reduction was made "in the wages of such workers whose daily earnings amount to above 12 annas per day" This it was said would not affect workers with earnings below 12 annas a day. To this the Secretary of the Labour Union (Mr. Selvapathi Chettli) did not agree.

38. The mill places its inability to raise wages and grant sick leave, etc., solely on financial grounds. The grant of 15 days' privilege leave on half wages and 10½ to 11½ days' festival leave on full wages, to all substitute workers, will it is said impose an additional burden on the mills of Rs. 13,000. And the giving of the same pay to them will, it is said, cost another Rs 6,000

(vide) the figures entered in Exhibit G as given by the agent. That finances are in the way is apparent to us from Exhibit K series and from the evidence of the mill Agent. It is not possible to believe (as urged by the Union) that the mill is concealing its true financial condition. There is the fact that no dividends have been paid since 1932. There is also the fact that the managing agents are foregoing their remuneration. There is further the fact that no interest is being paid on a large portion of the advances (vide paragraph 7). All the mills in Bombay and Coimbatore reduced wages all round owing to depression, and Bombay and Ahmedabad and Sholapur did this even from 1926. (Vide Bombay Textile Enquiry Report.) The Choolai Mills behaved very generously to its employees by abstaining from this. On the other hand the expedient was resorted to of not filling in permanent vacancies and engaging only substitute workers who were given slightly less wages and no privilege leave and festival leave. The figure 550 did not start as such from 1932, it went on rising as permanent vacancies increased. Even now the mills say that they will place them in all respects on the same level as the permanent workers when profits are made and depreciation is provided for.

39. We are clearly of opinion that the mills have been acting with the greatest consideration for the welfare of the workers. The example of Bombay and Ahmedabad could very easily have been followed in 1932, but this was not done. We are inclined to the view that had this example been followed in 1932, much of the present heart burnings would not have arisen.

40. We therefore come to the conclusion that all that can be done at present is to place all the substitute workers (said at present to be 550 in number), so far as status goes, in the same position as permanent workers, and to give them the medallic (tin) pass given to permanent hands. This will cost nothing to the mills, and give a sort of sentimental satisfaction to the substitute workers. This being recommended, we would also allow to them the festival leave granted to permanent hands at a flat wage of As. 5-4 a day. On the same wage we would further allow seven days' privilege leave in the year, to such of the workers as have put in 270 days' work during the previous year. The cotton coolies would also get these two kinds of leave, on the same terms and conditions. There are about 301 working days in the year, and the workers can easily show 270 days of work in the year. Our suggestions with regard to these two leaves will cost the mills about Rs. 2,000 a year. We are recommending this concession not because a claim for it has been made out, regard being had to the financial condition of the mills, but because its grant, will have a steadying effect on the workers and induce them to hold on quietly for some more time, in the hope that conditions in the mill industry will improve, ushering in a prospect for an improvement in their conditions also. The concessions as to festival leave and seven days' privilege will come into force from 1st July 1938 and for the six months in 1938, the privilege leave will be limited to four days. The officers of the Union should impress on the workers the fact that the mills have not introduced any general all-round cut in wages as was done in Bombay, Ahmedabad, Shalapur and Coimbatore even from 1932. It must also be impressed on their minds that there is no use of their feeling sore over the conditions in the other two mills in Madras, and that they must derive consolation from the fact that they are better paid than the workers in the mills in Coimbatore district where there are over 30 mills. They can also be assured that the Agent, Mr Lakshmidas Dwarakadas, has in his evidence given the assurance that as soon as profits are made, the temporary workers would be placed in all respects on the same level as permanent workers.

42. In conclusion we have to thank the Secretaries of the Union and Mr. S. Guruswami, as also the Agent of the Mills, Mr. Lakshmidas Dwarakadas, for the assistance given to us.

No. 461.—

In G.O. No. 2483, Public (Special), dated 29th December 1937, the Government appointed Sri M. Venkataramayya, B.A., B.L., who was then acting as District and Sessions Judge, North Malabar, as a Court of Enquiry to enquire into and give findings upon the points in dispute between the millowners and workers in the textile mills in Coimbatore district. The Government have now received the report of the Court and direct that it be published as required by section 12 (1) of the Act.

2. The Court framed as many as 26 issues. It has analysed and examined them under five major heads, viz.,

Welfare schemes,
Hours of work and shifts,
Trade unions,
Wages, and
Conditions of service.

Some of the recommendations of the Court involve legislation and some amendments of the rules framed under the Factories Act. A few also involve executive action on the part of the Government. These recommendations are under the consideration of Government. In respect of other recommendations, the Government are inclined generally to endorse the conclusions of the Court. Government would call particular attention of the millowners to the recommendations of the Court at pages 83 and 96 of the report with regard to the need for an immediate increase in the rates of wages paid to skilled and unskilled workers and the grant of sick and casual leave to them. The Government trust that both sides will, in the words of the Court of Enquiry, accept the recommendations of the Court in the spirit of "cheerfulness and co-operation" which is so essential if industrial peace is to prevail once again in Coimbatore.

3. The Government are pleased to record their appreciation of the excellent work done by Sri M. Venkataramayya, B.A., B.L., as the Court of Enquiry.

L. A. Bill No. 7 of 1938—Malayalam

Bill to be introduced in the Legislative Assembly / Council of the Province of Madras.

Under the proviso to rule 73 of the Madras Assembly / Council Rules, the following Bill, together with the Statement of Objects and Reasons, is published for general information:—

A Bill further to amend the Indian Lunacy Act, 1912, in its application to the Province of Madras for certain purposes.

WHEREAS it is expedient further to amend the Indian V of 1912. Lunacy Act, 1912, in its application to the Province of Madras for the purposes hereinafter appearing; It is hereby enacted as follows:—

1. This Act may be called the Indian Lunacy (Madras Amendment) Act, 1938. Short title.

Insertion of new section 33-A in Act IV of 1912.

2. After section 33 of the Indian Lunacy Act, 1912 (hereinafter referred to as the said Act), the following section shall be inserted, namely :— IV of 1912.

Temporary order of discharge of lunatic in interests of his health.

"33-A. If the person in charge of any asylum in which a lunatic is detained under the provisions of sections 14, 15 or 17, is satisfied that in the interests of the health of the lunatic, it is necessary to discharge him temporarily, the person aforesaid may order such discharge for such period as he may think fit and subject to such conditions as the Provincial Government may by rule prescribe."

Amendment of section 88, Act IV of 1912.

3. In section 88 of the said Act, for the words and figures "on a reception order made under section 14, section 15 or section 17," the words and figures "on a reception order made under sections 7, 10, 14, 15 or 17 or on an order made under sections 8 or 16" and for the words "authority which made the reception order" the words "authority which made the reception or other order aforesaid" shall be substituted.

Amendment of section 89, Act IV of 1912.

4. In sub-section (1) of section 89 of the said Act, for the words "may make an order for the recovery of the cost of maintenance of such lunatic together with the costs of the application out of such estate or from such person," the following words shall be substituted, namely :—

"may make an order for the recovery of the whole or any portion of the cost of maintenance of such lunatic and of the costs of the application, out of such estate or from such person :

Provided that an order directing recovery out of such estate shall be made only after making due allowance for the needs of the wife, children and other dependants, if any, of the lunatic."

Amendment of section 91, Act IV of 1912.

5. In sub-section (1) of section 91 of the said Act, after clause (*c*), the following clause shall be inserted, namely :—

"(*cc*) to prescribe the conditions subject to which lunatics may be discharged temporarily under section 33-A."

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to amend the Indian Lunacy Act, 1912 (IV of 1912), for the purposes indicated below.

2. The Act as it now stands does not contain any provision for enabling the Superintendent of an asylum to discharge a lunatic temporarily when such discharge is required in the interests of his health. New section 33-A inserted by clause 2 of the Bill provides for the discharge of the lunatic in such cases subject to the observance of such conditions as the Provincial Government may by rules prescribe. Clause 5 makes a consequential amendment to section 91 which gives power to make rules.

3. Section 88 of the existing Act contains provision for the recovery of the maintenance charges of lunatics only in cases where they are admitted into an asylum under the provisions of sections 14, 15 or 17, and not where they are admitted under sections 7, 8, 10 or 16. It is proposed to remedy this defect by amplifying section 88 by inserting a reference therein to sections 7, 8, 10 and 16 also (see clause 3).

4. Section 89 of the Act enables a court to proceed against the estate of a lunatic for the recovery of the cost of his maintenance, without taking into consideration the needs of his wife, children and other dependants, if any. The strict enforcement of this provision will have the effect in some cases of reducing these dependants to poverty and want. It is therefore proposed to make it incumbent on the court to make due allowance for the needs of the wife, children and other dependants of the lunatic, when ordering the recovery of the cost of his maintenance out of his estate (see clause 4).

Secretary to Government, Legal Department.

ഉദ്ദേശകാരണങ്ങളുടെ വിവരണം.

ഹിന്ദു സമുദായത്തിലെ ചില വർഗ്ഗങ്ങളിൽപ്പെട്ടവരെ തൊട്ടുകൂടാത്തവരാണെന്നു പറഞ്ഞു അകറ്റി നിർത്തിവരുന്ന നാടാചാരവും അവർ അനുഭവിക്കുന്ന സാമൂഹ്യമായ അവശതകളും സുവ്യക്തമായ ഒരു വിഷയമായിത്തീർന്നിരിക്കുന്നു. ഈ നാടാചാരത്തെ ഉടൻതന്നെയോ ഒരു അവശതകളെ പരിഹരിപ്പാനുദ്ദേശിച്ചോ ഒരു വർഗ്ഗങ്ങളിൽപ്പെട്ട നേതാക്കന്മാരോ അനുഭാവികളായ സവർണ്ണ ഹിന്ദുക്കളുടെ ഇടയിലുള്ള പരിഷ്കാരപ്രിയന്മാരോ നിരന്തരമായി പ്രയത്നം നടത്തിവന്നിട്ടുണ്ട്. അടുത്തകാലത്തെ സംഭവങ്ങൾ ഈ പ്രയത്നത്തെ വളരെ പ്രബലമായുള്ള ഒരു ഘട്ടത്തിൽ കൊണ്ടുവന്നിരിക്കുന്നു, "അധഃകൃതവർഗ്ഗക്കാർ" എന്ന സാധാരണയായി വിളിച്ചു വരുന്ന ഇവരിലെ അപേക്ഷകരെ നീക്കണമെന്ന ആവശ്യപ്പെട്ടുകൊണ്ടു വന്നിട്ടുള്ള ഒരു അനുഭാവപ്രവാഹം ഇപ്പോൾ ഇന്ത്യ മുഴുക്കെ പരക്കുകയും ചെയ്തിരിക്കുന്നു. സാധാരണ ഹിന്ദു ക്ഷേത്രങ്ങളിൽ സവർണ്ണ ഹിന്ദുക്കളോടൊപ്പം പ്രവേശനം നല്കാതെ ഈ വർഗ്ഗക്കാരെ ബഹിഷ്കരിച്ചു നിർത്തുന്നതു പൊതുജനങ്ങളുടെ പ്രത്യേകമായ പ്രതിക്ഷേപണത്തിനു വിഷയമായിത്തീർന്നിരിക്കുന്നു. പൊതുവായ ഹിന്ദു ക്ഷേത്രങ്ങൾ, സവർണഹിന്ദുക്കളിൽപ്പെട്ട എല്ലാ ജാതിക്കാർക്കും ഉപജാതിക്കാർക്കും അവരുടെ പൊതുവേന്മാരെ ആരാധിക്കുന്ന കാര്യത്തിൽ. ഏറക്കുറെ സ്വാതന്ത്ര്യത്തോടും സമാവകാശത്തോടുംകൂടി ഒന്നായിട്ടിടിച്ചേരുന്ന സ്ഥലങ്ങൾ ആയിരിക്കെ, ഒരു ക്ഷേത്രത്തിൽ ആരാധിക്കുന്നേ ആരുടെയെങ്കിലും "അധഃകൃതവർഗ്ഗക്കാർക്കും" കൂടി പ്രവേശനാധികാരം നല്കേണ്ടതാണെന്നു അനുഭാവം ജനിച്ചിരിക്കുന്നു. പൊതുജനാഭിപ്രായത്തിനു വളരെ ചലിക്കുവാൻ വന്നിട്ടുണ്ടെങ്കിലും കൂടി, നടപ്പിലുള്ള നാടാചാരത്തെ ഒരു വർഗ്ഗക്കാർക്ക് ക്ഷേത്രസമാധാനം ഇപ്പോഴും നിയമമനുസരിച്ചു നടത്തിവരികയും അതിൽ യാതൊരു ഭേദഗതിയോ പരിഷ്കാരമോ വരുത്തുവാൻ അനുവദിക്കാതിരിക്കുകയുമാണ് ചെയ്യുന്നുള്ളൂ. ഒരു വർഗ്ഗങ്ങളിൽ

പെട്ടവരുടെ പ്രാർത്ഥനയിൽ പിന്നെ ക്ഷേത്രങ്ങൾ ഇന്ത്യൻശിക്ഷാനിയമപ്രകാരം ശിക്ഷാർഹമാംവണ്ണം അശുദ്ധമാക്കപ്പെടുമെന്നുപോലെ കൊടുങ്കിടാം പെരുമാറിയിരിക്കുന്നവെന്നുമാത്രമല്ല, ആരാധിക്കുന്നവരുടെ പൊതുവായ അഭിപ്രായം അങ്ങിനെ പ്രവേശനം നല്കുന്നതിനു അനുകൂലമാണെന്നു ക്ഷേത്രത്തിന്റെ ഭരണാധികാരിയായ ട്രസ്റ്റിക്കു തോന്നുന്നപക്ഷം, അങ്ങിനെ പ്രവേശനം സമാധാനമായി അനുവദിക്കുവാൻ അവർക്ക അധികാരമുണ്ടോ എന്നതിനെപ്പറ്റി സംശയങ്ങളുണ്ടായിട്ടുണ്ട്. വല്ല മാറ്റവും വരുത്തുന്നതിനു, നാട്ടിൽ നടപ്പുള്ള നിയമവും പ്രത്യേകിച്ചു 1927 ലെ 2 - ാം മദിരാശി ഹിന്ദു മേവസ്വ ആക്ടിലെ 49 - ാം വകുപ്പും പ്രതിബന്ധമായി നില്ക്കുന്നുണ്ടെന്നാണ് വളരെ ട്രസ്റ്റിമാരുടെ അഭിപ്രായം. ആയതുകൊണ്ടു തദ്ദേശത്തെ പൊതുജനാഭിപ്രായം അങ്ങിനെയുള്ള പരിഷ്കാരത്തിനു അനുകൂലമാകുന്നപക്ഷം ആ പ്രതിബന്ധം നീക്കുവാൻ കഴിയത്തക്കതിനു അനുവാദം നല്കുന്ന സാമാന്യത്തിലുള്ള ഒരു നിയമം ഉണ്ടാക്കേണ്ടതു ആവശ്യമാണ്.
